

## Employer Thank You Poster

**Prepare a thank you statement** that you can write in the **rough draft box below**. Use the samples below to give you some ideas of what you could write. Think about specific skills that you have learned or were able to do at the placement and write it in your thank you. Then, show this sheet to your teacher and we will give you your good copy to do with a black sharpie. Write neat or have someone write for you if needed. Return the good copy to your teacher for lamination. Teachers will deliver this poster to your employer on the last visit. **It would also be appropriate to get your employer a Thank You Card at the end of your placement.**

### EXAMPLES OF THANK YOU NOTES FOR THE EMPLOYER POSTER

Thank you for teaching me more about early childhood education. I really enjoyed working with the children.

Thank you for allowing me to further my technical knowledge. I have had a great experience.

Thank you for giving me the opportunity to work in your accounting department. I really enjoyed learning about the tasks accountants perform.

Thank you for showing me how to effectively deal with customers. I have really enjoyed working with everyone in the store.

Thank you so much for teaching me to cook "on the line". The experience that I have received is a valuable step in achieving my certification.

Thank you for teaching me the basics of farm equipment repair. Learning how to replace worn or

defective parts quickly and efficiently has been a valuable experience.

Thank you for teaching me about the different types of jobs available in the art gallery! I have had a great co-op experience.

I have had a wonderful semester working with all of you. I really enjoyed doing the lab work and working with the animals.

Learning more about engineering and design concepts has been great experience. Learning and using the Solid Edge software has given me a valuable tool that I will be able to use in the future.

Thank you for teaching me the fundamentals of vehicle maintenance. The knowledge that I have gained will be an asset in the future.
